FROM THE BOARD ROOM by Lou By Lou Dunning, President, 239-240-5847, loudunning2@gmail.com

If you are a seasoned Tara Woods resident, you already know the many benefits offered by our community. If you are new or relatively new to our community, welcome! We look forward to meeting you and getting to know you. I would like to list all the neat things about Tara Woods, but limited space will only allow me to list a few of the highlights. One of my favorites is our superb newspaper put together monthly by a dedicated group of writers and delivered right to your door by a wonderful team of deliverers. Check it out!

For my money, nothing can beat the breathtaking sunrises and sunsets over our lakes. Take time to behold and admire them. Some of the ways to enjoy our community are by walking, biking, or golf-carting through the community which provides the opportunity to admire our community and to get to know some of our Florida wildlife, such as alligators, armadillos, giant turtles, sandhill cranes, and egrets that are willing to aerate your lawns. Some of the other "wildlife" includes our tennis players, pickleball players, shuffleboarders, quilters, ceramic group, crafters, Entertainers putting on a yearly play for residents, walkers, joggers, and neighbors.

Our Clubhouse is one of the finest in southwest Florida. It is the hub of our activities, such as exercise, line dancing, tai chi, multiple card games, chair volleyball, chair yoga, ping pong, billiards, and includes our beautiful Library. This list is not inclusive, and I could go on.

Many clubs and groups sponsor parties in the

Clubhouse for our benefit and for our entertainment. In addition, your Homeowners Association committees bring an array of programs to the Clubhouse for you. Just some recent examples are Fraud and Scam Protection, Plan for Aging Seminar, Health Fair – featuring numerous professionals to answer your questions, i.e., balance and hearing, as well as volunteer opportunities, many more professionals and services, and much, much more. Try Saturday Morning Coffee, which is an opportunity to gather, socialize, purchase tickets for upcoming events, and hear the latest news.

All Homeowner members also have full access to our website www.twhoa.net. You can see and review all Homeowner documents, minutes of all meetings, and Community activities. Enjoy receiving Monday's What's Happening emails and periodic Minutes from the Community Manager, plus email blasts to you with timely information. Tara Woods is not perfect, but it offers us the opportunity to step back, take a breath, and enjoy the beauty of our surroundings and to reach out to the fellowship of our fellow residents.

DID YOU KNOW THAT - If you are considering using the Clubhouse for an event or party, it needs to be reserved ahead of time. TENNIS NEWS Submitted by Linda Engel

TENNIS ASSOCIATION

After our January Round Robin, we had several people step up to fill the vacant positions in the Tennis Association. I would like to thank those people, as this will ensure that the Tennis Association will remain in place, and we will continue to have the Round Robins.

At the February 24th meeting we officially confirmed them into their positions, and we will move forward from there.

Once again, I would like to thank all those who participated in the January Round Robin and made the day a success. ~ *Ed Sandre*

THANK YOU: I feel that a special "Thank You" should be extended to Ed Sandre and Greg Girard for grilling the Burgers and Hot Dogs for our Round Robin luncheons the past few years. The food was always great. We certainly appreciated you doing this for all of us.

OPEN TENNIS: We had some very cold starts to our Open Tennis days in December and January. But, when the sun did shine on those very cold mornings, it got very pleasantly warm on the courts - and we know it will get hot very soon.

Feel free to join us on the tennis courts on any of the Open Tennis days - every Monday, Wednesday, and Saturday from 9:00 - 10:30 AM. We welcome all skill levels. We are out there to have fun.

If you have an interest in tennis, stop by and see

what is happening on the tennis courts. ~ Linda Engel **TENNIS TOURNAMENT**

Co-Ed "Pick Your Partner" Tennis Competition

After the January Round Robin luncheon and meeting, a question was asked if there was any interest in a Co-Ed Tennis Tournament like we had last year. The response was a resounding "Yes", so eight women each asked a man to be their tennis partner for this competition. (I don't think any of the men said "No" to the women.)

The Co-Ed Tennis Tournament is scheduled to be played on Friday, March 8th, starting at 9:00 AM, with warm-ups at 8:30 AM.

If you would like to be a Sub in case someone is not able to play that day, just sign up on the sheet on the Tennis Bulletin Board.

We're hoping for some great tennis action and, hopefully, a lot of fun too. ~ Linda Engel

TENNIS LEAGUES

Men's League: White Team - Stallions Our season seems to be turning around after a slow start. The league consists of eight teams.

After our match with Sabal Springs, which we split 3-3, the team is tied for 6th place, with 5 points separating 8th place and 4th place.

We are now playing our next six games at home after the schedule had us "away" at the other parks for the start of the season. ~ *Ed Sandre*

White Team - Mustangs

The weather has improved and the muchanticipated match against the Tara Woods Stallions was finally played. In a tough match, the Stallions won 4-2, taking home the coveted "Golden Racquet". We saw them again on February 27th for the rematch. I will have to let you know the results of that rematch in the April issue of *The Columns*.

In other matches, the Mustangs lost to power house Admiralty 1-5.

In a hard-fought match with Pine Lakes, the result was a tie at 3-3.

A match with Six Lakes also resulted in a tie at 3-3. With the two ties, the Mustangs have moved up in the standings, with a tough road trip ahead.

Thanks for everyone's support! See you on the courts! - Tim Hoch

Blue Team - Tigers

Here are the Blue Division results for January 11th thru February 1st:

Jan. 11 - Pine Lakes Bulls - Tara Woods Won 2 - Lost 4 Jan. 18 - Herons Glen (rain during Round Two caused postponement until Jan. 22nd)

Jan. 22 - Herons Glen final - Tara Woods Won 1 - Lost 5 Jan. 25 - Lake Fairways Aces - Tara Woods Won 0 - Lost 6

Feb. 1 - Six Lakes BBC - Tara Woods Won 2 - Lost 4

Tennis News continued from previous page

Our record for the Official Competition Season now stands at 7 sets won and 23 sets lost. We continue to try our best to win, but we are blessed to have such a congenial and understanding Captain, Don Swartz, who is more concerned with our health and safety than he is with our winning record.

We practice on Monday mornings from 10:30 AM to 12:00 Noon. We also practice on Tuesday mornings from 9:00 to 10:30 AM. Our tennis matches are played at 1:30 PM on Thursdays. We sometimes start early if everyone is ready to go, so get there around 1:00 PM to watch if you don't want to miss any of the action. We are still in need of tennis players and would welcome anyone who would like to join us. We do have lots of fun. ~ *Tony Gless*

Women's League: Women's Team - Angels

The Tara Woods Angels have had a strong start to the second part of the season. The team has won 18 games and lost only 6. During this stretch of four matches, we played the first, second and fourth place teams. We ended the first half of the season in fourth place, but we are now in second place with only one win behind. As of this writing, there are only four matches remaining until the end of the season, and only a few games separate the top three teams. We will continue to play hard, but have fun, as we push to secure first place in the league. Team captains Mary Cauldwell and Pat Gless have done an excellent job playing everyone and running good practice sessions. A tennis pro was brought in to help work on our positioning, which was very helpful.

The support from the community has been awesome and we hope to continue to see you at the courts. The standings and our schedule are posted on the Tennis Bulletin Board. – Mary Sandre

ROUND ROBINS: Looking for tennis players of all levels to join us for our Round Robin on Saturday, March 23rd. It is sure to be a fun-filled morning of no pressure tennis, followed by lunch on the pool veranda! Warm-ups start at 8:30 AM and tennis starts at 9:00 AM. Lunch will begin at approximately 11:30 AM. Please remember to bring your own beverage of choice. The sign-up sheet is located on the bulletin board by the tennis courts. There will be a cut-off date of March 18th for signing up for lunch, so be sure to sign up early so you don't miss out! The cost is \$5.00 per person payable to Rod Dolin the morning of the event.

Also, if you wish to mark your calendars for the 2024-2025 Round Robins, the dates we requested are as follows: November 23rd, 2024, and January 25th, February 22nd, and March 22nd of 2025.

SWEETHEART DANCE

Tara Woods residents come together to enjoy good music, great dancing, wonderful food, and the camaraderie of friends and neighbors.

HOME SAFETY FOR SENIORS

For many seniors, remaining at home as long as possible is the gold standard for how they want to live. While it's not always possible for seniors to stay at home safely, for others, aging in place is entirely possible but may require a few changes to the home to keep them safe longer.

There are several safety concerns seniors must address if they want to remain in their homes as they age, and the biggest among them are:

- Falls
- Food and nutrition
- Decline of communication skills and cognitive function
- Loss of mobility

Falls are the leading cause of fatal and nonfatal injuries among adults aged 65 and older. In fact, it is estimated that 50% of seniors who fall die within a year. Causes of falls are tripping over objects and many medications that seniors take have side effects and cause dizziness, especially when getting out of bed in the morning.

Food and nutrition safety concerns are related to cognitive and physical issues making it challenging for seniors to cook for themselves and to operate kitchen appliances safely or getting to a grocery store.

Decline of communication skills and cognitive function presents additional challenges. Things like paying bills on time, keeping appointments and managing medications can become overwhelming.

Decreasing/loss of mobility create a different set of safety concerns. Inability to leave the house often leads to social isolation as well as difficulty doing routine tasks like grocery shopping and routine maintenance.

Use the Home Safety Checklist below to evaluate your home safety. In addition, consider these tips to stay safe at home.

- Create a support system of friends, neighbors and family
- Get help with the house hire someone to do home and lawn maintenance
- Set up regular grocery delivery to get healthy, fresh foods
- Add an emergency response system press a button to summon help
- Make the bathroom safer install grab bars, a shower bench and nonskid mats
- Remove trip and fall hazards remove throw rugs and cords
- Brighten up your home make it light up like Time Square
- Stay active with daily activity and exercise
- Make other small renovations like treads on stairs and anti-slip mats
- Add technology like voice activated speakers Alexa, Echo or Google
- Visit the doctor for balance assessment to prevent falls
- Stay connected with friends, neighbors and family to prevent social isolation

Expert Information from Healthcare Professionals Who Specialize in the Care of Older Adults

Home Safety Tips for Older Adults

With a growing number of older adults living independently, it's increasingly important to make sure that they're safe at home. Falls, burns, and poisonings are among the most common accidents involving older people. Older adults who live alone may also become the victims of criminals who target older people. If you're an older adult living on your own, or care for an older person living alone, here's what you need to do to stay safe.

Keep emergency numbers handy	 Always keep a list of emergency numbers by each phone. Write this information in large enough print that you can read it easily if you are in a hurry or frightened. Be sure to list numbers for: 911 Poison Control: 1-800-222-1222 Family member or friend to call in case of emergency Healthcare provider's office
Prevent falls	 If you have difficulty with walking or balance, or have fallen in the past year, talk to your healthcare provider about having a special falls risk assessment. Ask your provider if you would benefit from an exercise program to prevent falls. If you have fallen before, or are scared of falling, think about buying a special alarm that you wear as a bracelet or necklace. Then, if you fall and can't get to the phone, you can push a button on the alarm that will call emergency services for you. Don't rush to answer the phone. Many people fall trying to answer the phone. Either carry a cordless or cell phone or let an answering machine pick up. When walking on smooth floors, wear non-slip footwear, such as slippers with rubber/no-slip bottoms or flat, thin-soled shoes that fit well. If you have a cane or a walker, use it at all times instead of holding onto walls and furniture.
Safety-proof your home	 Make sure all hallways, stairs, and paths are well lit and clear of objects such as books or shoes. Use rails and banisters when going up and down the stairs. Never place scatter rugs at the bottom or top of stairs. Tape all area rugs to the floor so they do not move when you walk on them.
Protect against fire and related dangers	 If there is a fire in your home, don't try to put it out. Leave and call 911. Know at least two ways to get out of your apartment or home. When you're cooking, don't wear loose clothes or clothes with long sleeves Replace appliances that have fraying or damaged electrical cords. Don't put too many electric cords into one socket or extension cord. Install a smoke detector and replace the battery twice a year. Never smoke in bed or leave candles burning, even for a short time, in an empty room. Make sure heaters are at least 3 feet away from anything that can burn, such as curtains, bedding, or furniture. Turn off space heaters when you leave the room.
Avoid bathroom hazards	 Set the thermostat on the water heater no higher than 120°F to prevent scalding. Have grab bars installed in the shower and near the toilet to make getting around easier and safer. Put rubber mats in the bathtub to prevent slipping. If you are having a hard time getting in and out of your tub, or on and off the toilet, ask your provider to help you get a special tub chair or bench or raised toilet seat.
Prevent poisoning	 Carbon Monoxide Never try to heat your home with your stove, oven, or grill since these can give off carbon monoxide—a deadly gas that you cannot see or smell. ENTERTAINING NEWS

So, Ladies and Gentlemen... March is here, and we are looking at the end of winter and the cold weather. This has been a very cold season; let us hope for a better spring.

By now, you all know that we are putting on a show on Friday to Sunday, March 8th, 9th, and 10th. Also, by now, you should have either purchased your ticket, or arranged to purchase it at the door. Either way, we thank you for supporting the Entertainers. For those of you who have just entered the community and are not aware...we are putting on a stage play... "Daddy's Girl.'

• The shows are Friday, March 8th and Saturday, March 9th, with the doors opening at 6:30 PM and on

• Sunday, March 10th, and doors open at 1:30 PM.

The suggested donation is \$10.00 per person. We do not allow food or drink into the Clubhouse for these shows.

This is a heart-warming story of Benard who owns Maudie's Diner. His wife passed away years ago, leaving him to make a life-changing decision then. Now he is trying to recover something that he lost those many years ago. We hope you enjoy this funny yet touching story. Benard must deal with many issues in his life, some of which are him being chased after by two very different women, trying to teach his waitress the proper way to set a table, trying not to become the next American Idol location, dealing with a mean person trying to steal his secrets, two sweet elderly ladies who are quite unique, grappling with divine intervention, love struck young men, and all the while trying to convince Bob to keep his clothes on. This will be your opportunity to laugh and applaud the efforts of our neighbors who are presenting this comedy to the community.

We have looked at the play for next year already, but have not finished the casting as of today, so if you are interested in becoming one of the actors on our stage next year, please contact Janet Daly at 239-567-2285 or myself at 239-240-5848 to audition for a role.

The New Image Chorus is just about ready to wrap up for another year as we move closer to our concert date of Saturday, March 23rd. That's right folks, we will be putting on a performance for you to enjoy. But this time, it will be a little different. This is more of an audience participation concert! Yes, we want you to sing along with us!

As many of you know, we have had some challenges this year as we still do not have a proper conductor or accompanist, so we must rely on just online music, and I have been filling in as conductor! It's been quite a challenge not for me, I'm just waving my arms about, but for the members of our chorus to put up with me!! I so appreciate their dedication and their

love for singing. Our little group has managed to practice some really fun tunes and we hope that you will come out to support us and join in as we lead you through all kinds of music about love!

That's right, the concert is aptly named "All About Love". You'll hear songs about love of our country, love eternal, and on the opposite side of the coin, love gone wrong, plus a few more surprises! I just know you'll enjoy it and we would love you to join us! Again, that date is Saturday, March 23rd, at 7:00 PM. Tickets will be on sale before Tuesday Bingo and at Saturday Morning Coffee, and there will also be tickets at the door.

If you were wondering what was going on, it was the Second Annual Tara Woods Pickleball Tournament, played in front of many fans, onlookers, and curiosity seekers. Unfortunately, the tournament was played after the deadline for submitting this article, but this author will bravely predict that s/he will be on the winning team! Please stop by the pickleball courts between 8:00-10:00 AM on the last Sunday of each month to see how this unique format for pickleball is played. Thank you to Rod Dolin for organizing the January tournament.

Why see a financial advisor?

Investing for your future is important — but it can be challenging.

How can you navigate the complexities of the financial markets and make the right decisions for your situation?

Fortunately, you don't have to go it alone. A financial advisor can help you in these key areas:

• Developing a personal financial strategy – Many factors go into creating a long-term financial strategy. What is your risk tolerance? When would you like to retire? What sort of retirement lifestyle have you envisioned? What are your other important goals? A financial advisor will ask these and other questions in getting to know you, your family situation and your hopes for the future. By taking this type of holistic approach, a financial advisor can help you create financial and investment strategies appropriate for your needs.

• Avoiding mistakes – A financial advisor can help you avoid costly investment mistakes. One such mistake is attempting to "time" the market. Investors pursue market timing when they try to "buy low" and "sell high." In theory, of course, this is a great idea — if you could consistently buy investments — stocks, in particular — when their price is down and then sell them when the price has risen significantly, you'd always make some tidy profits. The main drawback to this technique, though, is that it's virtually impossible to follow, especially for individual investors. Nobody, not even professional money managers, can really predict with any accuracy when stock prices have reached high or low points. Consequently, those who try to make these guesses could miss out on opportunities. For example, investors who are determined to buy low might not want to purchase investments when the market is up — but this practice could lead to taking a "time out" from investing just when the market is in the midst of a rally. But a financial advisor can steer clients toward a more disciplined approach, such as buying quality investments and holding them for the long term, regardless of the ups and downs of the market.

• Checking progress toward your goals – If you were to invest without any guidance, you might not be looking at your investments' performance with the proper perspective. For example, some investors simply compare their portfolio returns against a widely used market index, such as the S&P 500. But this comparison may not be that useful. The S&P 500 only measures the stock prices of the leading publicly traded U.S. companies by market capitalization — but your investment portfolio, if properly diversified, will include investments other than U.S. stocks, such as bonds, government securities, international stocks and more. Consequently, the performance of your portfolio won't track that of the S&P 500 or any other single index, either. Your financial advisor can help you employ more meaningful benchmarks, such as whether your portfolio's progress is on track toward helping you meet your financial goals. Also, a financial advisor will review your portfolio and investment strategy regularly to determine what changes, if any, need to be made, either in response to the markets or to events in your life.
