

What's up Tara Woods??

Our **Silver Alert Committee** sponsored by your Tara Woods Board of Directors is ready to go, however, **we still need more volunteers**, especially those residents that may live here year-round. Call Donna Tribeck 239-357-3333 or Peter Krilivsky 603-493-8891 for more information.

The committee is captained by Donna Tribeck with Stu Berman as co-captain. In the event of one of your loved ones wander off the safety of their home and are a danger to themselves, please call the office at 239-731-1011 and alert them as to name and description of the resident. The office will then alert Donna to activate her team and send out a "one call" message to the residents, alerting them to also be on the lookout. With everyone's cooperation hopefully the wanderer will be found safe.

If Donna cannot be reached, Stu Berman 239-220-2369 will be the contact person.

After office hours, please contact Donna or Stu first. They will notify the team and then Angie Cummins, Park Manager, through her emergency number, 239-336- 9297, so that the telephone alert could be sent.

Simple but effective. The program could save lives.
